

Nawaloka Hospital Negombo — Annual Action Plan 2026

Document Classification: Confidential

Prepared By: Office of the Chief Executive Officer

Approved By: Board of Directors, Nawaloka Medicare Group

Effective Period: January 2026 – December 2026

Version: 1.0 | January 2026

1. Introduction & Purpose

This Annual Action Plan for 2026 translates the Nawaloka Hospital Negombo Strategic Plan (2026–2030) into concrete, measurable operational activities for the preparatory year. The year 2026 is designated as a foundational year — the period during which critical groundwork must be completed to enable the hospital's five-year transformation into a regional centre of healthcare excellence and medical tourism hub.

The 24 actions detailed in this plan are distributed across the five strategic objectives endorsed by the Board:

- A. Patient Care Excellence
- B. Digital Health Transformation
- C. Research & Innovation
- D. Workforce Development
- E. Community & Regional Health Expansion

Each action is assigned a clear owner, quarterly timeline, budget allocation, expected outcomes, and measurable KPIs. The total operational action budget for 2026 is estimated at LKR 985 million, within the Board-approved envelope of LKR 800M–1.2B.

Progress will be reviewed monthly by the Senior Leadership Team and quarterly by the Board of Directors.

2. Action Plan by Strategic Objective

Strategic Objective A: Patient Care Excellence

Action 1: Adjacent Land Acquisition Due Diligence & Negotiation

Strategic Objective: A — Patient Care Excellence Description: Conduct comprehensive due diligence on the adjacent land parcel identified for hospital expansion. This includes commissioning an independent land valuation, environmental impact assessment, legal title verification, and preliminary town planning approvals. Negotiate terms of purchase with the landowner and prepare the Board submission for acquisition approval, targeting completion of the purchase agreement by Q4 2026 to enable construction commencement in Q1 2026. Action Owner: Maintenance Manager (with Legal Counsel) Timeline: Q1–Q4 2026 Budget Allocation: LKR 35M (valuation, legal fees, environmental assessment, survey costs; excludes land purchase price) Expected Outcome: Board-approved land acquisition agreement ready for execution in Q1 2026, with all regulatory clearances obtained. KPIs:

- Land valuation report completed by Q2 2026
 - Environmental clearance obtained by Q3 2026
 - Board approval for purchase secured by Q4 2026
-

Action 2: Architectural Master Plan for 150-Bed Expansion

Strategic Objective: A — Patient Care Excellence Description: Engage a healthcare-specialised architectural firm to develop the master plan for the phased expansion from 75 to 150 beds. The plan must incorporate dedicated wards for cardiac care, nephrology, elderly care, maternity, the Daycare Medical Centre, and aesthetic medicine facilities. Deliverables include preliminary designs, construction phasing schedules, MEP (mechanical, electrical, plumbing) specifications, and cost estimates for Phase 1 (2026–2027) and Phase 2 (2028–2029). Action Owner: Maintenance Manager Timeline: Q1–Q3 2026 Budget Allocation: LKR 28M (architectural fees, structural engineering, MEP consultancy) Expected Outcome: Finalised master plan with Board-approved construction timeline and budget envelope for Phase 1. KPIs:

- Architect appointed by end of Q1 2026
 - Preliminary design submission by Q2 2026
 - Final master plan approved by Board by end of Q3 2026
-

Action 3: Cardiac Catheterisation Laboratory Feasibility & Equipment Specification

Strategic Objective: A — Patient Care Excellence Description: Commission a clinical and financial feasibility study for the proposed cardiac catheterisation laboratory. Identify equipment requirements (angiography system, haemodynamic monitoring, ancillary devices), evaluate vendors, and prepare a procurement timeline aligned with Phase 1 construction. Engage a visiting interventional cardiologist from Nawaloka Colombo to advise on clinical specifications and workflow design. Action Owner: Chief Medical Officer Timeline: Q2–Q4 2026 Budget Allocation: LKR 12M (feasibility study, consultant fees, vendor evaluation travel) Expected Outcome: Board-approved equipment specification and procurement plan with vendor shortlist for cardiac lab commissioning in 2027–2028. KPIs:

- Feasibility report submitted to Board by Q3 2026
 - Equipment specification document finalised by Q4 2026
 - Minimum 3 vendor proposals received and evaluated by Q4 2026
-

Action 4: Elderly Care Unit Pilot Programme Design

Strategic Objective: A — Patient Care Excellence Description: Develop the operational model for the 10-bed Elderly Care Unit pilot, including clinical protocols for long-term residential care, staffing requirements (geriatric nursing, physiotherapy, occupational therapy), pricing structure, insurance partnerships, and admission criteria. Benchmark against established elderly care facilities in Colombo and regionally. Prepare for pilot launch in Q1 2026. Action Owner: Chief Medical Officer (with Chief Nursing Officer) Timeline: Q2–Q4 2026 Budget Allocation: LKR 8M (benchmarking visits, protocol development, consultant engagement) Expected Outcome: Fully documented operational model and staffing plan for the Elderly Care Unit, ready for recruitment and fit-out in early 2026. KPIs:

- Clinical protocol manual completed by Q3 2026
- Insurance partner discussions initiated with at least 3 providers by Q4 2026
- Staffing plan finalised with HR by Q4 2026

Action 5: Aesthetic & Cosmetic Medicine Service Feasibility Study

Strategic Objective: A — Patient Care Excellence Description: Conduct a market analysis and clinical feasibility study for the proposed Aesthetic & Cosmetic Medical Services line. Assess demand from local, expatriate, and tourist populations. Define service scope (dermatological aesthetics, minor cosmetic procedures, laser treatments, anti-ageing), identify equipment needs, and evaluate potential consultant dermatologists and plastic surgeons for engagement. Prepare a business case for Board review. Action Owner: Chief Medical Officer (with Marketing Director) Timeline: Q1–Q3 2026 Budget Allocation: LKR 6M (market research, consultant fees, benchmarking) Expected Outcome: Board-approved business case with defined service scope, revenue projections, and launch timeline for Q2 2026. KPIs:

- Market analysis report completed by Q2 2026
 - Business case presented to Board by Q3 2026
 - At least 2 specialist practitioners identified for engagement by Q3 2026
-

Action 6: Fertility Centre Laboratory Upgrade Planning

Strategic Objective: A — Patient Care Excellence Description: Assess current Fertility Centre laboratory infrastructure against international best-practice standards for IVF laboratories. Develop a detailed upgrade plan covering embryology lab environment controls (air quality, temperature, VOC filtration), cryopreservation storage expansion, and new equipment procurement (time-lapse incubators, micromanipulation systems). Align upgrade timeline with the strategic target of 800 IVF cycles per annum by 2030. Action Owner: Chief Medical Officer (Fertility Centre Lead) Timeline: Q1–Q3 2026 Budget Allocation: LKR 10M (laboratory audit, environmental assessment, equipment specification) Expected Outcome: Detailed Fertility Centre upgrade plan with equipment specifications, vendor quotes, and phased implementation schedule for 2026–2028. KPIs:

- Laboratory audit completed by Q1 2026
 - Upgrade specification document finalised by Q2 2026
 - Vendor quotes for priority equipment received by Q3 2026
-

Action 7: Nephrology Service Development Roadmap

Strategic Objective: A — Patient Care Excellence Description: Develop a clinical and operational roadmap for introducing a nephrology dialysis unit (targeted at 12 stations by 2029). This includes needs assessment for the Negombo–Gampaha region, clinical protocol development for haemodialysis and peritoneal dialysis, water treatment plant specifications, and workforce planning for nephrology nurses and technicians. Action Owner: Chief Medical Officer Timeline: Q2–Q4 2026 Budget Allocation: LKR 5M (needs assessment, clinical consultancy, water treatment feasibility) Expected Outcome: Comprehensive nephrology roadmap approved by the Medical Advisory Committee, with clear milestones for 2026–2029. KPIs:

- Regional needs assessment completed by Q3 2026
 - Clinical protocol framework drafted by Q4 2026
 - Water treatment feasibility study completed by Q4 2026
-

Action 8: Administrative Office Refurbishment Programme

Strategic Objective: A — Patient Care Excellence Description: Undertake a comprehensive refurbishment of the hospital's administrative wing, including repainting, replacement of floor coverings, installation of new ergonomic office furniture, upgraded lighting fixtures, and modernisation of the executive boardroom. The programme aims to improve the working environment for administrative and support staff and present a refreshed corporate image to visiting stakeholders. Action Owner: Maintenance Manager Timeline: Q2–Q3 2026 Budget Allocation: LKR 22M (construction, furniture, fixtures, fittings) Expected Outcome: Fully refurbished administrative wing with modernised boardroom and improved staff workspace amenities. KPIs:

- Refurbishment design approved by Q2 2026
 - Construction and fit-out completed by end of Q3 2026
 - Staff workspace satisfaction survey score improvement of 10%
-
-

Strategic Objective B: Digital Health Transformation

Action 9: EHR Vendor Selection & Contract Negotiation

Strategic Objective: B — Digital Health Transformation Description: Issue a Request for Proposal (RFP) to qualified EHR vendors for a unified cloud-based Electronic Health Record system. Evaluate proposals against criteria including HL7 FHIR interoperability, local language support (Sinhala, Tamil), telemedicine module integration, clinical decision support, and total cost of ownership. Conduct vendor demonstrations, reference site visits, and negotiate contract terms for deployment commencing Q1 2026. Action Owner: Chief Information Officer (CIO) Timeline: Q1–Q4 2026 Budget Allocation: LKR 15M (RFP process, vendor evaluation, legal review, reference visits) Expected Outcome: Signed EHR vendor contract with agreed implementation roadmap, SLAs, and pricing for 2026–2027 deployment. KPIs:

- RFP issued by end of Q1 2026
 - Vendor shortlist (3 candidates) finalised by Q2 2026
 - Contract signed by Q4 2026
-

Action 10: IT Infrastructure Assessment & Network Upgrade

Strategic Objective: B — Digital Health Transformation Description: Conduct a comprehensive assessment of the hospital's current IT infrastructure, including network architecture, server capacity, Wi-Fi coverage, endpoint devices, and disaster recovery capabilities. Develop and execute an upgrade plan to ensure readiness for EHR deployment, telemedicine operations, and AI-assisted diagnostic tools. Priority investments include redundant fibre-optic backbone, upgraded Wi-Fi access points across all clinical areas, and a secondary data centre for business continuity. Action Owner: CIO (with IT Department) Timeline: Q1–Q4 2026 Budget Allocation: LKR 45M (network hardware, cabling, Wi-Fi, server upgrades, DR site) Expected Outcome: Hospital-wide IT infrastructure upgraded to support cloud-based EHR, telemedicine, and AI workloads with 99.9% uptime target. KPIs:

- Infrastructure audit report completed by Q1 2026
 - Network upgrade 80% complete by Q3 2026
 - Wi-Fi coverage across 100% of clinical areas by Q4 2026
-

Action 11: Telemedicine Platform Requirements & Vendor Engagement

Strategic Objective: B — Digital Health Transformation Description: Define functional and technical requirements for the hospital's telemedicine platform, incorporating domestic specialist consultations, Maldives outreach capability, and post-discharge

follow-up. Engage potential platform vendors for demonstrations and pilot feasibility. Ensure platform compliance with Sri Lanka's data protection regulations and international standards (HIPAA-aligned for Maldives cross-border use). Action Owner: CIO (with International Unit Director) Timeline: Q2–Q4 2026 Budget Allocation: LKR 8M (requirements analysis, vendor engagement, compliance review) Expected Outcome: Finalised telemedicine platform requirements document and vendor shortlist, ready for procurement in Q1 2026. KPIs:

- Requirements document approved by Q3 2026
 - Minimum 3 vendor demonstrations completed by Q4 2026
 - Data protection compliance assessment completed by Q4 2026
-

Action 12: Cybersecurity Baseline Assessment & Policy Development

Strategic Objective: B — Digital Health Transformation Description: Engage an external cybersecurity firm to conduct a baseline vulnerability assessment of all hospital IT systems. Develop a comprehensive Information Security Policy aligned with ISO 27001 requirements and Sri Lanka's Personal Data Protection Act (PDPA). Implement priority remediation measures and establish a cybersecurity incident response plan. Deploy mandatory awareness training for all staff. Action Owner: CIO Timeline: Q1–Q3 2026 Budget Allocation: LKR 12M (external audit, policy development, remediation, training) Expected Outcome: Documented cybersecurity baseline, approved Information Security Policy, and trained workforce, establishing the foundation for ISO 27001 certification by 2029. KPIs:

- Vulnerability assessment completed by Q2 2026
 - Information Security Policy approved by Q3 2026
 - 90% of staff completing cybersecurity training by Q3 2026
-
-

Strategic Objective C: Research & Innovation

Action 13: Establishment of Ethics Review Committee

Strategic Objective: C — Research & Innovation Description: Constitute a hospital Ethics Review Committee (ERC) to oversee and approve clinical research activities. Recruit committee members including external independent reviewers, legal representation, and community representatives as per national research ethics guidelines. Develop the ERC charter, standard operating procedures, and submission templates. Register the committee with the Sri Lanka Medical Association. Action Owner: Chief Medical Officer Timeline: Q1–Q2 2026 Budget Allocation: LKR 3M (committee setup, training, legal consultation) Expected Outcome: Fully constituted and registered Ethics Review Committee operational by Q2 2026, capable of reviewing research proposals within a 30-day turnaround. KPIs:

- ERC membership finalised by Q1 2026
 - ERC charter and SOPs approved by Q2 2026
 - Registration with Sri Lanka Medical Association completed by Q2 2026
-

Action 14: University Research Partnership MOU

Strategic Objective: C — Research & Innovation Description: Initiate formal discussions with the University of Kelaniya Faculty of Medicine for a collaborative research and clinical training partnership. Negotiate a Memorandum of Understanding (MOU) covering joint research projects, student clinical placements, shared access to research facilities, and co-supervision of postgraduate dissertations. Identify inaugural research topics aligned with the hospital's strategic priorities in fertility, cardiac care, and community health. Action Owner: Chief Medical Officer Timeline: Q1–Q3 2026 Budget Allocation: LKR 4M (engagement activities, legal review, inaugural project seed funding) Expected Outcome: Signed MOU with University of Kelaniya and at least one collaborative research project initiated by Q4 2026. KPIs:

- Formal partnership discussions initiated by Q1 2026
 - MOU signed by Q3 2026
 - First collaborative research proposal submitted to ERC by Q4 2026
-

Action 15: Appointment of Research Coordinator

Strategic Objective: C — Research & Innovation Description: Recruit a dedicated Research Coordinator to manage the hospital's emerging clinical research portfolio. The role will be responsible for coordinating ethics submissions, managing research databases, liaising with university partners, supporting grant applications, and tracking

research output. The position reports to the Chief Medical Officer and will form the nucleus of the future Clinical Research Unit. Action Owner: HR Director (with Chief Medical Officer) Timeline: Q1–Q2 2026 Budget Allocation: LKR 4M (salary, benefits, office setup, training) Expected Outcome: Research Coordinator in post by Q2 2026, actively managing the research pipeline and supporting the first observational study. KPIs:

- Job description approved and advertised by Q1 2026
 - Research Coordinator appointed by Q2 2026
 - Research project tracking system established by Q3 2026
-
-

Strategic Objective D: Workforce Development

Action 16: Specialist Clinician Recruitment Drive

Strategic Objective: D — Workforce Development Description: Launch a targeted recruitment campaign for specialist clinicians required for the 2026 expansion, focusing on interventional cardiology, nephrology, geriatric medicine, reproductive medicine, and dermatological aesthetics. Develop competitive remuneration packages including performance incentives, academic titles, and research time. Engage with the Nawaloka Colombo consultant network, Sri Lankan medical diaspora, and specialist recruitment agencies. Action Owner: HR Director (with Chief Medical Officer) Timeline: Q2–Q4 2026 Budget Allocation: LKR 18M (recruitment agency fees, advertising, relocation packages, signing incentives) Expected Outcome: Conditional appointment offers extended to at least 5 priority specialists by Q4 2026, with start dates aligned to Phase 1 commissioning. KPIs:

- Recruitment campaign launched by Q2 2026
 - Minimum 20 specialist applications received by Q3 2026
 - Conditional offers extended to at least 5 specialists by Q4 2026
-

Action 17: Nursing Workforce Expansion Planning

Strategic Objective: D — Workforce Development Description: Develop a comprehensive nursing recruitment and training plan to support the phased expansion from 75 to 150 beds. Identify staffing requirements by specialty ward (cardiac, nephrology, elderly care, maternity, ICU), establish training partnerships with nursing schools, and plan an accelerated orientation programme for new recruits. Initiate recruitment for the first cohort of 40 additional nurses required for Phase 1 (2026–2027). Action Owner: Chief Nursing Officer (with HR Director) Timeline: Q2–Q4 2026 Budget Allocation: LKR 15M (recruitment, orientation programme development, training partnerships) Expected Outcome: Nursing workforce plan approved and first-cohort recruitment pipeline established, with 15 conditional offers extended by Q4 2026. KPIs:

- Nursing workforce plan approved by Q2 2026
 - Training partnerships formalised with 2 nursing schools by Q3 2026
 - 15 conditional nursing offers extended by Q4 2026
-

Action 18: Continuing Professional Development (CPD) Programme Launch

Strategic Objective: D — Workforce Development Description: Design and launch a structured Continuing Professional Development programme for all clinical staff. The programme will include quarterly clinical skills workshops, monthly journal clubs, annual simulation-based emergency training, and online learning modules. Establish CPD tracking and link completion to annual performance appraisals. Target a minimum of 20 CPD hours per clinician in 2026 as a baseline, scaling to 40 hours by 2030. Action Owner: Chief Nursing Officer (with Chief Medical Officer) Timeline: Q1–Q4 2026 Budget Allocation: LKR 10M (programme development, external trainers, simulation equipment, e-learning platform) Expected Outcome: CPD programme operational with quarterly workshops delivered and 80% clinician participation by Q4 2026. KPIs:

- CPD programme framework approved by Q1 2026
 - 4 quarterly workshops delivered in 2026
 - 80% of clinical staff achieving ≥20 CPD hours by Q4 2026
-

Action 19: Annual Staff Cricket Tournament & Sports Sponsorship

Strategic Objective: D — Workforce Development Description: Organise and sponsor the Nawaloka Hospital Negombo Annual Staff Cricket Tournament, expanded in 2026 to include teams from neighbouring corporate organisations in the Negombo–Katunayake industrial zone. The event will feature a two-day tournament at a local cricket ground,

with branded merchandise, catering, and a closing ceremony with prizes. An additional sponsorship allocation supports the Negombo District Inter-School Cricket Championship as part of the hospital's community engagement profile. Action Owner: HR Director (with Marketing Director) Timeline: Q3 2026 Budget Allocation: LKR 8M (venue hire, catering, merchandise, inter-school sponsorship, prizes, event management) Expected Outcome: Enhanced staff morale and external brand visibility through sports engagement. Strengthened corporate relationships in the Katunayake corridor. KPIs:

- Minimum 8 corporate teams participating in staff tournament
 - Event media coverage in at least 3 local outlets
 - Staff satisfaction survey improvement in "team engagement" category
-
-

Strategic Objective E: Community & Regional Health Expansion

Action 20: Maldives Partnership Scoping & Negotiations

Strategic Objective: E — Community & Regional Health Expansion Description: Initiate formal engagement with healthcare providers in the Maldives to establish the visiting specialist and telemedicine partnership. Identify potential partner clinics in Malé and Addu City, conduct scoping visits, assess regulatory requirements for foreign medical practitioners, and negotiate preliminary partnership terms. Engage with the Maldivian Ministry of Health and Aasandha (National Health Insurance) to understand reimbursement pathways. Action Owner: International Unit Director Timeline: Q1–Q4 2026 Budget Allocation: LKR 14M (scoping visits, legal counsel in Maldives, regulatory engagement, partnership negotiations) Expected Outcome: Signed preliminary partnership agreement with at least one Maldivian clinic by Q4 2026, with regulatory pathway documented. KPIs:

- Scoping visit to Malé completed by Q2 2026
 - Regulatory requirements documentation completed by Q3 2026
 - Partnership MOU signed by Q4 2026
-

Action 21: Medical Tourism Concierge Unit Setup

Strategic Objective: E — Community & Regional Health Expansion Description: Establish the Medical Tourism Concierge Unit as a dedicated operational function. Recruit a bilingual (English/Sinhala) medical tourism coordinator, develop patient journey workflows covering pre-arrival consultation, airport transfers, hospital admission, hotel recovery partnerships, and post-discharge follow-up. Negotiate agreements with 3–5 Negombo hotels for recovery stay packages and initiate discussions with SriLankan Airlines for medical travel fare arrangements. Action Owner: International Unit Director (with Marketing Director) Timeline: Q2–Q4 2026 Budget Allocation: LKR 12M (staff recruitment, CRM software, hotel negotiations, marketing collateral, airline engagement) Expected Outcome: Operational Medical Tourism Concierge Unit by Q4 2026, with documented workflows, hotel partnerships, and initial marketing materials. KPIs:

- Medical tourism coordinator appointed by Q2 2026
 - Hotel partnership agreements signed with 3 properties by Q3 2026
 - Patient journey workflow documented and approved by Q4 2026
-

Action 22: Community Preventive Health Screening Programme — Negombo Division

Strategic Objective: E — Community & Regional Health Expansion Description: Design and launch a community preventive health screening programme targeting diabetes, hypertension, and cardiovascular risk in the Negombo Divisional Secretariat area. Partner with local Grama Niladhari (village officer) networks and community health midwives for outreach. Conduct monthly screening camps at community centres, temples, and churches. Provide referral pathways to Nawaloka Hospital for identified cases requiring further investigation or treatment. Action Owner: Marketing Director (with Chief Medical Officer) Timeline: Q2–Q4 2026 Budget Allocation: LKR 9M (screening equipment, consumables, logistics, community mobilisation, staff overtime) Expected Outcome: Minimum 3,000 individuals screened in 2026 with established referral pathways, building towards the strategic target of 25,000 beneficiaries annually by 2029. KPIs:

- Screening programme launched by Q2 2026
 - At least 8 screening camps conducted in 2026
 - 3,000 individuals screened by Q4 2026
-

Action 23: Corporate Wellness Partnership Expansion

Strategic Objective: E — Community & Regional Health Expansion Description: Expand the hospital's corporate wellness client base from 12 to 20 employers, targeting the Negombo–Katunayake Free Trade Zone and hotel/tourism sector. Develop tiered wellness packages (basic health screening, executive health checks, on-site health education, mental health awareness workshops). Assign a dedicated corporate sales executive to manage relationships and drive uptake. Action Owner: Marketing Director Timeline: Q1–Q4 2026 Budget Allocation: LKR 7M (sales executive recruitment, marketing collateral, package development, client entertainment) Expected Outcome: Increase corporate wellness partner base from 12 to 20, generating incremental screening and outpatient revenue. KPIs:

- 8 new corporate partners signed by Q4 2026
 - Corporate wellness revenue increase of 30% year-on-year
 - At least 1,500 corporate employees screened in 2026
-

Action 24: Executive Lounge Furniture & Premium Décor Upgrade

Strategic Objective: E — Community & Regional Health Expansion Description: Procure and install premium-grade furniture and interior décor for the hospital's executive patient lounge and VIP waiting area. The upgrade includes Italian designer seating, ambient lighting, a dedicated refreshment station with imported coffee machine, premium wall finishes, and curated artwork. The initiative aims to elevate the first impression for high-value patients, particularly international visitors and medical tourism clients. Action Owner: Maintenance Manager Timeline: Q2–Q3 2026 Budget Allocation: LKR 18M (furniture procurement, interior design consultancy, installation, artwork) Expected Outcome: Fully upgraded executive lounge and VIP area projecting a premium, internationally competitive patient environment. KPIs:

- Interior design concept approved by Q2 2026
 - Installation completed by end of Q3 2026
 - VIP patient satisfaction score improvement of 15%
-

Action 25: Retail Pharmacy Outlet Expansion — Negombo Town Centre

Strategic Objective: E — Community & Regional Health Expansion Description: Establish a standalone retail pharmacy outlet in Negombo town centre, separate from

the hospital campus. The outlet will offer over-the-counter medications, prescription dispensing, basic medical supplies, and health and wellness retail products. The initiative leverages the Nawaloka brand for retail pharmaceutical sales and aims to increase community touchpoints and brand presence in the Negombo commercial district. Action Owner: Finance Manager (with Marketing Director) Timeline: Q1–Q3 2026 Budget Allocation: LKR 25M (lease, fit-out, inventory, staffing, licensing, POS systems) Expected Outcome: Operational retail pharmacy in Negombo town centre by Q3 2026, generating standalone retail revenue. KPIs:

- Premises lease signed by Q1 2026
 - Pharmacy fit-out completed by Q2 2026
 - Monthly retail revenue target of LKR 3M achieved by Q4 2026
-

3. Summary Budget Table — 2026 Action Plan

#	Action	Strategic Obj.	Budget (LKR M)
1	Adjacent Land Acquisition Due Diligence	A	35
2	Architectural Master Plan (150-Bed Expansion)	A	28
3	Cardiac Cath Lab Feasibility & Equipment Spec	A	12
4	Elderly Care Unit Pilot Programme Design	A	8
5	Aesthetic Medicine Feasibility Study	A	6
6	Fertility Centre Lab Upgrade Planning	A	10

7	Nephrology Service Development Roadmap	A	5
8	Administrative Office Refurbishment	A	22
9	EHR Vendor Selection & Contract	B	15
10	IT Infrastructure & Network Upgrade	B	45
11	Telemedicine Platform Requirements	B	8
12	Cybersecurity Assessment & Policy	B	12
13	Ethics Review Committee Establishment	C	3
14	University Research Partnership MOU	C	4
15	Research Coordinator Appointment	C	4
16	Specialist Clinician Recruitment Drive	D	18
17	Nursing Workforce Expansion Planning	D	15
18	CPD Programme Launch	D	10
19	Staff Cricket Tournament & Sports Sponsorship	D	8
20	Maldives Partnership Scoping	E	14
21	Medical Tourism Concierge Unit Setup	E	12

22	Community Health Screening Programme	E	9
23	Corporate Wellness Partnership Expansion	E	7
24	Executive Lounge Premium Furniture Upgrade	E	18
25	Retail Pharmacy Outlet — Negombo Town	E	25
	Total 2026 Action Plan Budget		LKR 397M

Note: The above budget represents action-specific allocations. The total operational budget for 2026 including BAU (business-as-usual) hospital operations, existing staff salaries, consumables, utilities, maintenance, and routine capital expenditure is estimated at LKR 985M. BAU operational expenditure of approximately LKR 588M is managed separately through departmental budgets and is not itemised in this Action Plan.

4. Budget Distribution by Strategic Objective

Strategic Objective	Number of Actions	Budget (LKR M)	% of Action Budget
A — Patient Care Excellence	8	126	31.7%
B — Digital Health Transformation	4	80	20.2%

C — Research & Innovation	3	11	2.8%
D — Workforce Development	4	51	12.8%
E — Community & Regional Health Expansion	6	85	21.4%
Total	25	397	100%

5. Quarterly Milestone Summary

Quarter	Key Milestones
Q1 2026	Land due diligence commenced. Architect engaged. EHR RFP issued. ERC membership finalised. CPD framework approved. Cybersecurity audit initiated. Pharmacy lease signed. Research Coordinator advertised. Maldives scoping initiated.
Q2 2026	Land valuation completed. Preliminary expansion design submitted. EHR vendor shortlist finalised. Telemedicine requirements defined. Aesthetic medicine market study completed. Community screening programme launched. Medical tourism coordinator appointed. Hotel partnerships negotiated. Cricket tournament planning commenced. Retail pharmacy fit-out underway.
Q3 2026	Environmental clearance obtained. Master plan finalised. Cardiac lab feasibility submitted. ERC operational. University MOU signed. Cybersecurity policy approved. Corporate wellness partners at 18. Administrative refurbishment completed. Executive lounge upgrade completed. Pharmacy operational. Screening camps in progress.

Q4 2026	Board approval for land acquisition. EHR contract signed. 5 specialist offers extended. 15 nursing offers extended. Maldives partnership MOU signed. Elderly care model documented. Nephrology roadmap approved. Fertility upgrade plan completed. Medical tourism unit operational. Telemedicine vendor shortlisted. 3,000 community members screened.
---------	---

6. Governance & Monitoring

- Monthly Review: Senior Leadership Team reviews action progress against milestones and budget utilisation.
- Quarterly Board Report: Consolidated progress report presented to the Board of Directors, including KPI dashboards, risk register updates, and budget variance analysis.
- Mid-Year Review (Q2): Formal mid-year evaluation with authority to reallocate budgets between actions based on progress and emerging priorities.
- Year-End Assessment (Q4): Comprehensive annual review to evaluate 2026 outcomes and confirm readiness for 2026 Strategic Plan execution.
